

Hamilton's Run

“LET’S DO IT AGAIN SALE!”

After successfully offering our first consignment of dairy cattle in January 2012, Hamilton's Run of Mount Gambier, SA has decided to do it again! We have a surplus of cows and heifers calving from late February 2013 into March 2013, and we are offering 44 registered Australian Red Breed Dairy females for sale.

Our Australian Red herd is currently:

- Highest milk and butterfat kg's ABV herd for Australian Red Dairy Breed for 2011/2012
- Equal highest protein kg's ABV herd for Australian Red Dairy Breed for 2011/2012
- Highest milk and protein producing Australian Red Dairy Breed Junior 3 cow for 2011/2012
- Highest milk and protein producing Australian Red Dairy Breed Junior 4 cow for 2011/2012
- Highest milk and protein producing Australian Red Dairy Breed Mature cow for 2011/2012
- In calf rate 75% and 76% for last two milker mating seasons using 8 weeks AI, no mop up bull
- Johnes score 7
- EBL Monitored Free (MF)

Cows on offer all have strong production and/or dam production and are bred by AI bulls:

- 8 cows in the group have over 10,000 litres in current lactation
- Production from previous lactation peaked at 15,000 litres and 888kg MS
- Heifers' dams produced up to 14,700 litres in recent lactations

All the mature cows are still milking in the stale herd which is averaging 25 litres per cow per day, and will be due for dry off during January 2013. All head are pregnancy tested to calve between 21/2/13 and 16/3/13.

We were so pleased with the response to our first sale group that we are confident to offer these selected quality autumn calving cows.

PRICE: **\$2100.00 plus GST per milking cow and**
\$1800.00 plus GST per uncalved heifer
